## Doherty-MSBA PDP Comment on Inclusion Model

8) The information provided indicates that the District is in the process of moving to a "more inclusive model" of instruction (p. 97). In response to these review comments, describe the steps the District has taken/is currently taking/will take to support this shift.

Does the district have a policy or statement (potentially from the coordinated program review) that we could use as a response to this question?

The mission of the Worcester Public Schools is to provide all students the opportunity to advance their scholarship with rigorous core curriculum and high quality instruction. This enables students to discover the expanse of their academic talents, shape the quality of their character, and develop the confidence to become conscientious, reflective citizens who are empowered to better our community and our world. This mission has been the forefront of Superintendent, Maureen Binienda, District Strategic Plan which outlines actions steps based on rigorous academic outcomes that promotes excellence for all students. The accountability for all WPS schools ensures student outcomes based on parent engagement given the collaboration of district and community stakeholders. The following key points of Superintendent Binienda's strategic plan for all schools will address the alignment of the critical components of Doherty Memorial High School (DHS) inclusive initiatives:

- 1. **Culture of Innovation** Embrace a culture of innovation that develops and pilots evidenced-based approaches and allocates resources to address chronic student achievement gaps and underperforming schools
- 2. **Academic Excellence** Increase opportunities for students to develop critical thinking and problem solving skills and demonstrate knowledge to increase career awareness and exploration at all grade levels through integrated coursework and a tiered My Career and Academic Plan (MyCAP) given a comprehensive mentoring program, and also access to digital learning options and courses
- 3. **Welcoming Schools** Increase opportunities for family engagement and participation in decision making at the school level. School Accountability plans will also address district-wide expectations as well as prioritize the development of systems that support a shared vision for social emotional growth and school climate development across the district to include leadership training on DESE's Early Warning Indicator System (EWIS).
- 4. **Investing in Educators** Provide pathways for educators to demonstrate mastery and advance in their professional development by using a recruitment and retention approach that will increase access to a highly qualified diverse teacher workforce.

5. **Technology & Operations** – Coordinate and align school administration, governance, and municipal processes to prioritize and support educational improvements for the success of all student.

Currently, WPS district initiatives embeds inclusion opportunities for students with disabilities based on key attributes of the Department of Elementary and Secondary Education Educator Effectiveness Guidebook for Inclusive Practices.

**Inclusive practice** refers to the instructional and behavioral strategies that improve academic and social-emotional outcomes for **all students**, with and without disabilities, in general education settings.

To support inclusive practice, Doherty High School will integrate tools of this *Guidebook* based on the frameworks of <u>Universal Design for Learning</u>, <u>Positive Behavioral Interventions and Supports</u>, and <u>Social and Emotional Learning</u>.

Summary of District professional development trainings that have promoted diversity and inclusive practices included: Central Office Administrators, Principals, Directors, School-based Instructional Leadership Teams, Coordinators, Dept. Heads, Coaches, General and Special Education Staff, and Para-educators. To date, various district representatives have engaged in various workshops which included national experts as well as a school based teams' given a cadre of comprehensive professional development activities which included resources and targeted interventions in the following areas:

- August 2019 Presentation by Michael Fullan Book Study Nuances
- 2019 20 Presentation by Dr. J. Stuart Ablon Author of The Discipline Fix (SEL- The Collaborative Problem Solving Approach)
- 2018 -19 Presentation and book study by Peter Dewitt School Culture & Climate: Leading with Collective Efficacy
- 2017 -18 Elizabeth City Instructional Rounds in Education
- DESE & Cast Initiatives UDL Framework to address the diverse needs of students to ensure access
- MTSS Tiered Academic and SEL Interventions
- Content Subject Initiatives Office of Professional Learning
- INSTIL and District Turnaround Practices Walkthrough Protocol and Tool, Classroom Observations and What to Look For

The vision for the new Doherty High School inclusion initiatives have been aligned to the district strategic plan given a series of comprehensive professional development trainings which are designed to promote and embrace inclusion opportunities for students with disabilities.

The Special Education Department and the District Leadership Team has outlined the following objectives and strategies to promote inclusive practices with fidelity at Doherty High School:

- 1. Self-Assessment of DHS current practices of Inclusion services
  - DHS will analyze the results of their needs assessment, data and school accountability plan to ensure the fidelity of specialized instruction, and inclusion opportunities, professional learning based on rigorous outcomes for students with disabilities.
    - Coordinate professional development for co-teachers to develop skills, strategies and differentiation of instruction
    - o Create a school based schedule that supports common planning time
    - Increased coaching within the classroom setting to support SWD
    - On-going PLC's and professional development on related topics to strengthen the skills set of general and special education inclusion teachers
- 2. DHS targeted objectives and strategies are also aligned to the District Strategic Plan and Turnaround Practice Initiatives:
  - Leadership, shared responsibility and professional collaboration
     Intentional practices for improving instruction
    - Expectations for rigorous and consistent standards-based instructional practices that will include well planned differentiation for targeted groups (EL's and SWD)
    - Promote systems of co-teaching to include common planning, PLC's, grade level meetings, focused instructional coaches, and department heads
    - PBIS and SEL Initiatives
    - Identification of teachers to promote co-teaching models and/or inclusive opportunities
    - Dual certifications for educators
  - Student specific supports and instruction to all students
    - o Analysis of assessments and common assessment data
    - Adapt curriculum tailored to the needs of individual students
    - Data to adapt and improve instructional strategies
    - Provide PLC's to support high quality evidenced based specialized instruction for SWD
    - Assure individual students' IEP goals and objectives, and accommodations are implemented with fidelity
  - School Culture and Climate Instructional Leadership and School based Teams
    - Efficacy and Equity of all learners
    - Diversity of Learners
    - Positive Behavioral Intervention and Supports
    - o EL's and WIDA standards and the intersection of SWD
    - o Targeted instructional practices that promote inclusion opportunities

- 3. Analysis of State and District Data ( MCAS, STAR, AP, Common and Benchmark Assessments)
- 4. Collaborative Data Meetings ( Grade Levels, and across content subjects)
  - Accountability measures using data decision making to improve outcomes for SWD by increasing inclusion placements and reducing substantially separate placements ( DHS - Quarterly analysis of placement data points)
  - Data informed decision making when measuring and discussing a student's readiness or ability to be successful in an inclusion setting
  - o Progress Monitoring Tools
  - Address Least Restrictive Environment by monitoring placement options
  - Accountability of retention and academic failure to address dropout prevention
  - Transition Planning to promote College to Career to expand postsecondary outcomes
  - Increase specialized instruction skills to include self-advocacy, literacy and executive functioning
- 5. Multi-disciplinary Meetings (Professional Learning Communities, Instructional Support Teams by Departments and Grade Levels) to effectively increase inclusion opportunities
- 6. Fiscal impact of goal setting to address scheduling, staffing needs and assignments of staff
  - Budget allocation process to identify staffing needs and classroom student / teacher ratios
  - Scheduling to ensure co-teaching and additional supports
  - Alignment and Allocation of funding to support evidence based curriculum and technology tools to address diverse learners
- 7. Professional development Training on topics such as; Diverse Learners, Specialized Instruction, UDL, Technology Tools etc.,
  - o DESE Educator Effectiveness Guidebook for Inclusive Practices.
  - What to Look For: Classroom Observations, Lesson Plans and Instructional Rounds
  - Student Vision and Feedback
  - Specialized classrooms rubrics for entrance and exit criteria
  - Implementation of GoalBook IEP Tools to align academic goals and objectives to CORE standards, additional tools include behavioral and social emotional interventions
- 8. To promote students with disabilities (SWD) to be college and career ready, Doherty High School guidance will monitor WPS Criteria for High School Grade level Assignments to ensure that SWD are on track for graduation

- Mindset shift to promote the beliefs that all students must have access to inclusion
- Increased use of technology to support student needs and promote independence in the LRE
- Increased social opportunities in the school community for SWD: speaks to a school culture that accepts SWD that promotes inclusion opportunities
- o Promote family involvement and engagement in the school community

Throughout the coming years, DHS will engage in extensive professional development from the special education department, central administration team and consultants. Collectively, district leaders will engage Doherty High School staff, families and community stakeholders to work collaboratively to promote a safe school where all students have the essential skills to prepare them for college and career opportunities.

DHS Inclusion implementation plan will be developed based on a series of inquiry questions, data analysis and resources from the "Educator Effectiveness Guidebook for Inclusive Practices" as outlined given the following action steps from (Pages 167-180)

### Part 1: DHS Reflective Questions:

- To what degree are we using our schedule to promote develop and sustain an inclusive learning culture?
- Does the master schedule support collaboration between special educators,
   English Learners, specialist and general educators?
- o What trends, strengths and deficits are present in school-based data?
- If instructional data reflects a need for improved Tier 1 instruction in specific areas, does the master schedule address those needs by supporting targeted instruction?
- o Where does school-wide data reflect the need for more intensive tiered intervention?
- Classroom analysis What is the ideal balance of needs in a general education classroom reflecting level of needs informed by IEPs (i.e., low, moderate, high)?
- What resources, professional development and ongoing support will be needed by educators in general education classrooms with a high portion of student needs?
- Is there an expectation and/or have staff been trained and supported in how to navigate the collaborative partnerships of (co-teaching) such that clear roles and responsibilities are determined?

Part 2: Developing a DHS Inclusive School Schedule Team Protocol - This tool will be used to review master schedules for alignment with best practices for inclusion

- Purpose: Use the tool to leverage DHS master schedule to create, develop and sustain an inclusive learning culture
- Identify Goals (Instructional Leadership Team)

 Develop Outcomes (priorities and considerations to support inclusive practice)

### Part 3: Inclusive Practice Tool: DHS Staff Feedback Discussion Protocol

- DHS classroom educators will use this tool to reflect on inclusive practice of their leadership
- DHS building administrators will use this tool to self-assess their own inclusive practice
- WPS District administrators will use this tool to support inclusive practice across schools

Part 4: DHS Effective Inclusive School Communities . . . PD Planning Guide

DHS Leadership Team	DHS Staff will be	DHS School Environment will
Support teaching approaches that address the needs of diverse learners	Presenting curriculum content through multiple means and providing scaffolds and support for metacognitive processing	Be safe and respectful of all cultures and backgrounds
Creating and maintaining a master schedule that prioritizes inclusive placement of students when appropriate	Providing clear academic objectives and behavioral expectations	Support a variety of tasks and learning formats
Establishing and maintaining tiered systems of positive behavior supports	Providing options for student engagement, persistence and self-regulation	Be conducive to collaboration and group work
Engaging with stakeholders at all levels to promote and encourage a shared vision of inclusivity and differentiated supports	Use data and student response to differentiate instruction and support	Use clear and effective displays of interventions (i.e., assistive technology, resources, accommodations and prompts)
Interacting with individual students, demonstrating awareness of diverse backgrounds and academic profiles	Providing multiple options and supports to facilitate a language rich environment	Be rich with connections to student experience and interest and clearly display expectations, rules and routines
Communicating with parents and families regularly effectively, and with cultural sensitivity	Demonstrating a shared accountability for all students	Demonstrate a school-wide commitment to providing a positive social emotional culture
Providing positive reinforcement and motivators	Providing positive reinforcement and motivators	Be strategic to meet the needs of all learners

Part 5: Positive Behavioral Interventions and Supports (PBIS) - A Framework for organizing the implementation of evidenced based practices across a multi-tiered support system. PBIS focuses on making improvements in the school or classroom environment to ensure students will successfully meet social, behavioral and academic standards. DHS instructional leadership team, child study staff and special education clinicians will review current behavioral intervention supports and utilize a multidisciplinary team to meet the social emotional learning (SEL) needs of all students. Identifiable needs would be addressed to meet the needs of students with disabilities in inclusive classrooms. For example: A function-based approach would be used to develop and implement individual behavioral intervention plans, and a wraparound approach is taken to integrate family community and school support.

Annually, WPS accountability plans outlines that each school must integrate services and programs with the aim of upgrading the entire educational program of the whole school and to help all students reach proficient and advanced levels of achievement. The integration of inclusive services at Doherty High School will include the following areas of focus:

- Equity of Access: Ensuring all students have access to high quality instruction and materials and resources
- Engagement: Engagement with families and the various sectors of our community in developing opportunities for all students
- Safe and Healthy Students: Create supportive safe, and orderly learning environments marked by respectful interactions, acceptance, inclusiveness, and responsibilities to one another
- High quality teaching and learning: To support excellent instruction that improves students skills to prepare them for global citizenships
- College and Career Readiness: In support of current standards, activities that help students become college and career ready

DHS Instructional Leadership Team's (ILT) primary role will help lead the school's efforts at supporting the improvement of teaching and learning. The Principal and the ILT will also make decisions about the school's instructional program, leads and monitors student performance data regarding progress toward goals, coordinate several internal audits and self-assessments which will also include the inclusion self-assessment. The ILT will meet regularly twice monthly.

DHS (2019-20) Accountability Plan will include the following:

- Comprehensive Needs Analysis
  - Accountability Indicators [ Achievement, Growth, Discipline, Chronic Absenteeism and Attendance, Graduation and Dropout Rate, Progress toward attaining English Language Proficiency and Students with Disabilities
- Action Plan
  - o Leadership, Shared Responsibility, and Professional Collaboration

- Establishing a community of practice through leadership shared responsibility for all students, and professional collaboration (Focus on improving core instruction and tiered interventions systems using a variety of data)
- Include targeted support to strengthen PLC practices and ensure access for all students
- Intentional Practices for Improving Instruction [ Employing intentional practices for improving teacher –specific and student responsive instruction]
- Focus on refining the use of observations and student-specific data so that constructive feedback to teachers is provided and student specific needs are clearly identified to inform instructional responses
- Providing Student- Specific Targeted Supports and Instruction to Ensure Access for All Students
- A Safe, Respectful, and Collegial Climate for Teachers, Students and Families
- o Reducing Chronic Absenteeism
- High School Graduation Rate and Persistence [ The Graduation Rate Improvement Team will monitor student attendance and achievement, review progress of participants in the "Adopt-A-Student" program, review feedback forms, and work with faculty to support efforts to increase student achievement
- Identify what evidence (artifacts, data sources, observations, etc.,) will DHS school instructional team gather to monitor growth and/or change?
  - o Evidence will include the following data source:

Adult Implementation Indicator	Student Results Indicator
Department meeting agendas	MCAS Data
PLC	STAR Data
Faculty meeting agendas	ACCESS Data
Shared student work samples	PSAT/SAT Data
Classroom visits	Advanced Placement Data
Observations	Common Assessments
Lesson Plans	Student Portfolios
Exit slips from professional	
learning activities	

- Alignment of the District Strategic Plan and Doherty High School Professional Learning Plan (PLP) will also provide the necessary assurance to promote inclusive services:
  - Support critical reading and writing across content areas to engage all learners

- o Support culturally and linguistically diverse students
- o Support social emotional needs of all students
- o Support co-teaching opportunities for SWD

# Capital Improvements to Newton Hill and Design Considerations for the proposed Doherty High School site at Newton Hill

In response to a request from the meeting on October 30, 2019 between LPAA, the City of Worcester, and the Friends of Newton Hill, below is a list of capital improvements the Friends of Newton Hill believe are essential to maintaining and improving the Newton Hill section of Elm Park.

Additionally, we are including a list of design considerations we would like to see for the new Doherty High School, should the Building Committee select Newton Hill as the site of the new school.

Improvements to the current condition of the Newton Hill:

- 1. Any proposed pedestrian access to Foley stadium from the back of the current Doherty student parking lot, along Park Ave, up the Lincoln Stroll, and along Blessed Sacrament Church to Pleasant Street be done without interference or disruption of the East-West trail, the disc golf course, and the Nordic skiing course as well as preservation of any historic path or service road
  - a. City/school maintenance of this trail due to increased student traffic & trash
- 2. Resurfacing of the four tennis courts and basketball court at Newton Square
- 3. Improving streetscape condition surrounding the entire park, particularly along Highland St, Park Ave, and Pleasant Street, including wider sidewalks and bike lanes
- 4. Addressing erosion and improving trail access to the Newton Trail trailhead at Newton Square
- 5. Addressing erosion & surface condition of the Lincoln Stroll & lower portion of the Summit Road for service use.
- 6. Removing the water fountain at Newton Square

Design Considerations for the proposed new Doherty High School at Newton Hill:

- 1. The design of the building must fit and respect the historic nature of the park, incorporate the natural landscape and slope, and consider the sightlines from both Highland Street and Park Ave
- 2. Preservation of the section of the East-West Trail from Highland St. to the back of the Doherty Parking lot
- 3. Preserve access to the Summit Road service entrance currently at the back of the Doherty Parking Lot with a minimum of 40 parking spaces near the entrance of the service gate.
- 4. The design of any retaining walls should fit into the landscape and use natural material
- 5. Preservation of the historic walls and heritage trees along Highland Street
- 6. Restoration to any trail, fitness station, or disc golf hole impacted by construction
- 7. An improved traffic plan for the Highland Street corridor

As stated in the meeting, the Friends of Newton Hill is a volunteer-run organization that has been improving, maintaining and providing programming in Newton Hill for over 18 years. We are gravely concerned about how the construction of a new Doherty High School will impact the nature of the park and established park amenities around the Doherty site. While we do not support the construction of the new Doherty at the Newton Hill site, we look forward to working with LPAA and the City to mitigate the impact of new school to Newton Hill.

Thank you

- DS suggested that resurfacing the Newton Hill tennis courts could be a part of the Doherty project, similar to South High precedent.

#### 10.03.2019.08 Beaver Brook

- Fields are designed so that the open field area, and low areas between the fields floods first during the routine flooding. Though at larger storms/rain events. The game fields still experience a minor flood a few times per year and a major flood every 5 years.
- Football field and softball field are regulation size, two little league fields are smaller, but there is no room for expansion. RA will provide site plans and a narrative of the current use.
- Students park at Beaver Brook lot for access to Foley
- All fields are scheduled fully from 5:00 PM onward; Parks department gives scheduling priority to the schools, permit must be requested. WSU and Assumption also reserve field use, as their own facilities are limited
- RA noted that moving some of the programs scheduled at Beaver Brook would not be possible due to lack of transportation for area residents who primarily use these fields.
- Test borings completed for lighting improvements are available, the lights did require deeper caissons due to the soil conditions. RA will forward the information they have

available. RA questions if soils are adequate to support a track without differential settlement.

### 10.03.2019.09 Duffy Park

- Though the park has a brand new playground, RA noted that the baseball field is underutilized. The field has no lighting, and nearby wetlands.
- Redevelopment of the baseball fields to much needed rectangular fields may increase utilization. The parks department has reviewed clearing additional trees to expand the field area.
- Coordination with and sensitivity to neighbors would be required.
- Info.
- Improvements to Duffy Field could take place prior to construction at Doherty to supplement the loss of practice fields on site.
- The Road extension (paper street) land would be available for use as being City owned.
- The owners of the adjacent land where the tower are not familiar to the team.

### 10.03.2019.10 Chandler Magnet

- The fields behind Chandler Magnet School are maintained and scheduled by WPS, and is assumed not subject to Article
   97. (See attached file Chandler Magnet Field Usage 2018.pdf)
- Adult Men's leagues and Burkett little league rent this field outside of school hours.

Info.

- Noted that the northerly and easterly property line is 30–70 feet beyond the current developed area and fields.
- Noted that the westerly foot of the slope is 50-70 feet beyond the developed area.

## **AECOM TISHMAN**

School:	Medford Vocational Technical High School (MVTHS)	Date: Friday Oct. 18, 2019
Location:	489 Winthrop Street Medford MA	
Attendees:	Maureen Binienda, Superintendent WPS Sally Malone, Principal DMHS John Staley, Asst. Principal DHMS Katie Crockett, LPA Eugene Caruso, TCCMA Chad Fallon, Principal/Director, MVTHS	

Subject: School tour - Medford Vocational Technical High School

### **General Impressions and Notes:**

- Vocational HS connected to the regular Medford HS
- 570 students in the VoTech school
- The Chapter 74 program spaces in general were large spaces
- **ROBOTICS** the CCL students are constructing new Robotics spaces in the lower level of the school.
- Chad sold many items on the Municibid site.
- Three spaces are being built for the robotics; manufacturing, robotics/engineering and computer lab/lecture classroom.
- Existing Robotics is located in a standard type classroom setting. Computers are setup on tables around the perimeter of the room. Two computers per station along with soldering equipment, an oscilloscope and power supply are provided.
- Chairs with arm table are provided in the middle of the classroom for lectures.
- Program focus on software, programming, electronics and mechanics.
- We were shown several projects the students built such as a digital clock and bus route tracker.
- Room had ceiling fans as well.
- There was also a second classroom for the robotics area in addition to two storage rooms.
- One stores room was accessible to students that had well-organized bins, tools, motors, crimping tools, etc. for students to use in their projects.
- The second classroom housed several pieces of heavy equipment.
- Program also includes 3D and 2D printers, Circuit board cutter and cable hanger storage.

- <u>CONSTRUCTION CRAFT LABOR (CCL)</u> program has been operational since 2006.
- This is a very large open area (approx. 80'x80') with high ceilings. Located at the exterior with an overhead door to the outside.
- Program is focused on carpentry, landscaping and concretes works. No plumbing or welding.
- Local 22 out of Hopkinton provides off site training for heavy equipment.
- There was a vertical table saw set up along one wall.
- Included in the area of the CCL space are storage rooms, student lockers, a classroom and staff office. Above the rooms is a second level storage space.
- Along the exterior wall are CMU dividers that provide storage for sand, stone, bricks, CMU and bags of cement.
- The school has a budget of \$7,800 per year for supplies.
- There is 38 students plus freshmen, and 2 instructors in the CCL program.
- **PROGRAM AND WEB DEVELOPMENT** this is the 4<sup>th</sup> year in the school being offered.
- The program is located in a standard classroom setting with computers on the tables.
- The students learn JAVA and they have a wide range of ability and motivation.
- Opportunity to take online courses with Kahn Academy.
- Python text language is used?
- Microsoft is bringing in computer science to the classroom.
- Teals Program being offered and is a good way for students to interact with professionals.
- Students also work with City officials on the City website.
- Developing a Help Desk and creating web site for school store.
- Students work on a project and at the year-end give a presentation.
- **BIOTECHNOLOGY** This program was located in a general classroom.
- They are operating a hydronic plant growing area that works in conjunction with a fish pool adjacent to it. The Robotics class designed and built an automatic fish food feeder.
- Additionally, the Biotech students work on growing cancer cells and forensic science issues.
- **BUSINESS MARKETING** School store managed through the Business program. Store manager is an adult who can cover during school hours when students are not available. Store is located at the Main HS lobby entry.

## Feasibility Study PSR

#### ATTENDEES:

- Sally Maloney | Principal | Doherty Memorial High School
- John Staley | Assistant Principal | DMHS
- Christina Bazelmans | Assistant Project Architect | LPA|A

#### Notes:

- This RI Charter School facility supports the Construction Career Academy and the World of Work program, which has a total enrollment of 170.
- The curriculum changes based on labor needs, but focuses heavily on heavy and highway construction skills, including
  - Bridge Construction
  - Asphalt
  - o Welding
  - o Scaffolding
  - Crane Signaling
  - o Line & Grade
  - Utility work
  - o Demolition
  - Concrete
- No carpentry, electrical or plumbing is taught due to labor union restrictions.
- Union representatives are the teachers, which is allowed in RI, but not yet in MA
- NEL CPS has 2.5 instructors, and tries to maintain a low student teacher ratio when in the shop (less than 1:15)
- Shop time is different for each grade level
  - 9<sup>th</sup> and 10<sup>th</sup> Grades spend the majority of their time in the related theory classroom
  - o 11th Grade spends one period per day in the shop, all year long
  - o 12th grade spends 3 periods per day in the shop each day, rating A and B
- Shop space has majority dirt/gravel floor (does not need to be deeper than 6' in a new facility.
- Two large projects must be able to be construction simultaneously, and are in progress for several weeks prior to demolition.

Cranston, RI

## MSBA Module 3

## Feasibility Study PSR

- Large overhead door must allow a cement truck to enter (50% of curriculum is concrete work)
- Scaffolding, demolition and crane signaling occur outside the shop, weather permitting.
- A John Deer Skid Steer with backhoe attachment is an essential piece of equipment for the program.
- The Principal recommends a passenger van or mini bus to take students off site to work on construction projects in the community.
- 2 welding stations are adequate.
- Significant storage for tools is required, the students built a small interior shed for storage.
- The facility is not accessible to a student in a wheel chair.
